Our **54 inspire** is designed with unique features, skillfully created in our Germany headquarters. The stylish aesthetic of the 54 inspire will improve your overall riding experience.

**No noise** - cruise down the streets with our new and improved motor. Navigate with only the sound of the wheels and favourite playlist.

**More power, less stress** - recharge your 54 inspire comfortably from any household socket.

**Join the future** of travelling and sustainability with the 54 inspire.

Get the powerful experience of the **54 inspire** along with its eye-catching effect.

Equipped with the latest technology: our **icon** offers the popular Kumpan classic, along with new stylish multi-functional features.

**Better technology:** exclusive features and an even greater driving experience.

Enjoy all the **privileges** that e-mobility has to offer with the dynamic and sustainable Kumpan feeling.

“Our flagship is even more performant, whilst the classic 1954 Ri remodels into the *54 iconic*.”

Powerful: The new *54 impulse* has increased its power to 70km/h with a 4kW engine.

The necessary energy is provided with two rechargeable batteries (our “power packs”), and can fit three batteries in total with the ability for reach up to a 186km range\*.

The vibrant **54 impulse** has sustainable mobility to cover further distances in less time - allowing drivers more freedom to enjoy the good things in life.

Standard CBS equipment ensures the **necessary safety** of our model, combined with outstanding LED headlights; a huge difference in visibility at night.

**Pioneers of modern e-mobility** shine together with the combination of class, speed and technology.

\*The range depends on weather, weight and road conditions.

A smooth driving performance, combined with speed and versatility in the **54 ignite**, launched in the 3rd quarter of 2020.

**Feel** the breeze: speeds up to 100km/h

**Shine** with high-quality sports tyres, standard ABS equipment and timeless design of a Kumpān.

**Enjoy** the same power of a car without compromising its agility, flexibility and the absolute freedom of a two-wheeler.

“**The *54 ignite* offers you unrivalled drive and unique cornering ability.**”

**All 54i series have exciting new and improved features:...**

- New sport tyres (110/70-12)
- HP lenticular LED headlight
- Kumpan key App & Backup key
- Cloud connection
- New comfortable seats

...It also includes features launched in the 1954Ri. Together, they are:

- 100% produced in Germany
- Up to 180 kms range\* (with three batteries)
- Up to 3 removable batteries
- 7 inch touch display
- LED lights

\*The range depends on weather, weight and road conditions.

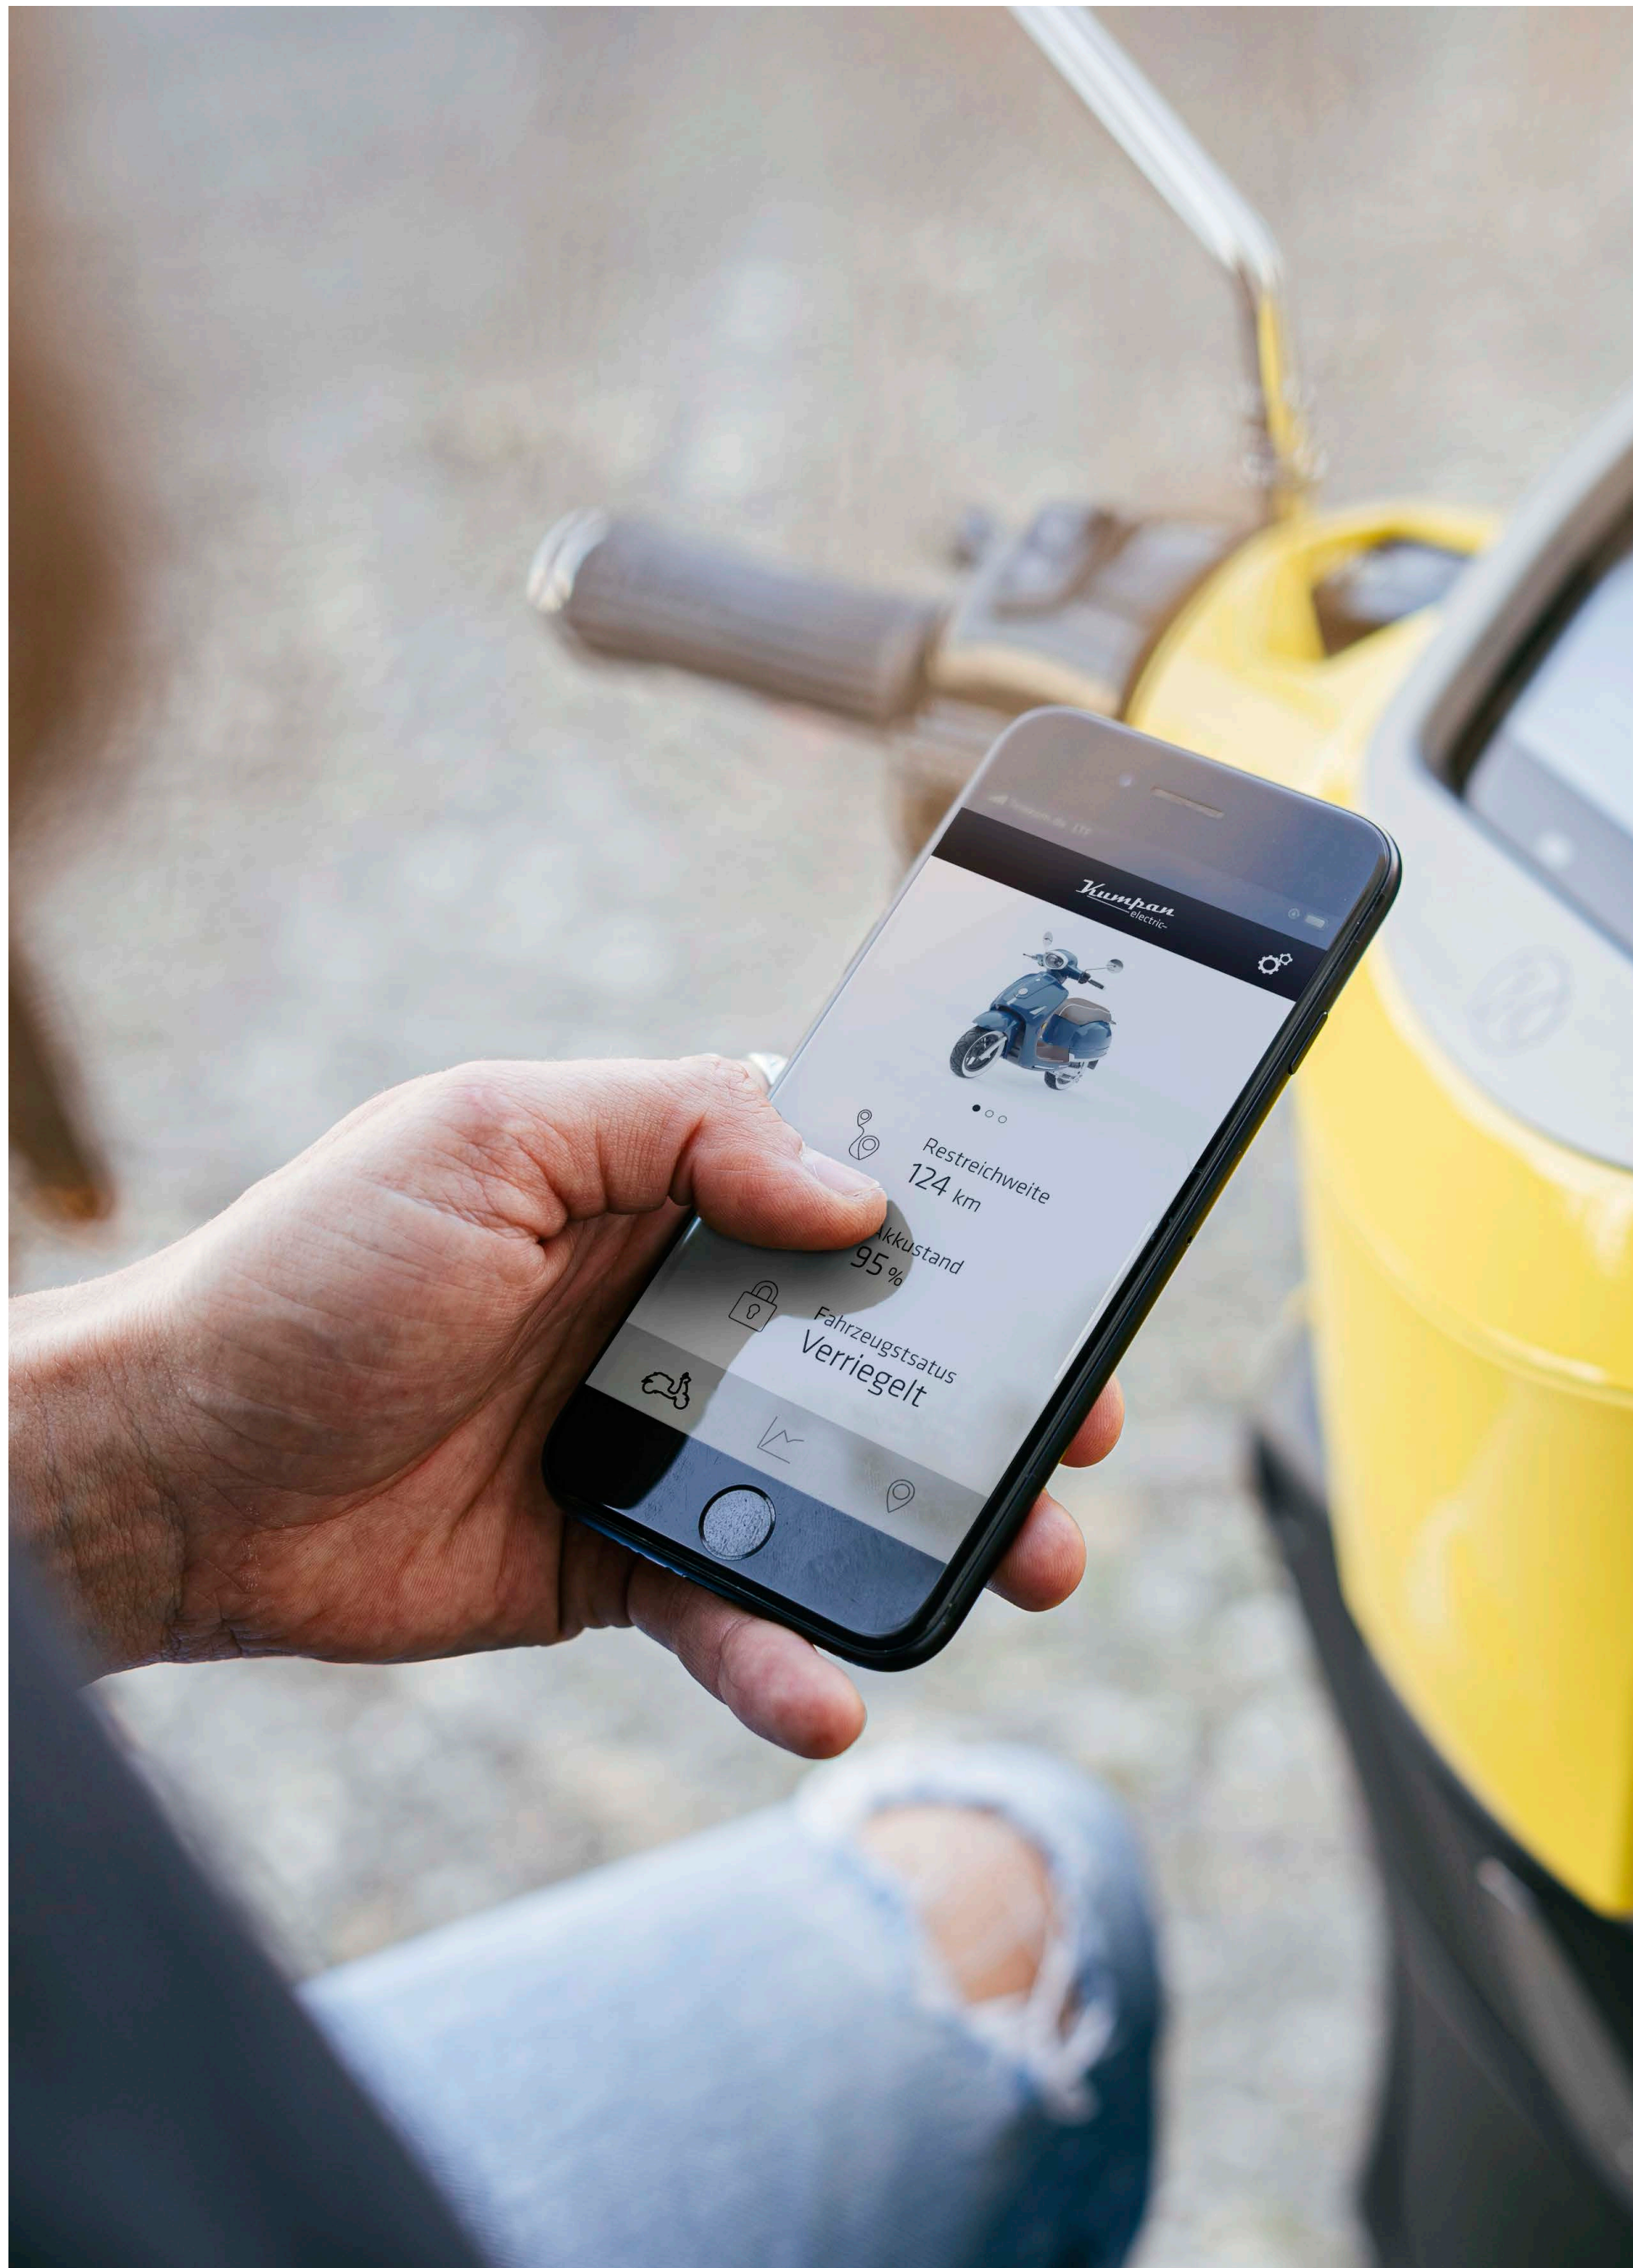

For our art lovers, we have endless combinations of seat designs and legroom colours! Also featuring, our new glossy and smooth body colour:

**Accent Yellow!**

Express your creativity, however you like!

COMING SOON

The **Kumpan App** *KumpanConnect*.

The Kumpan App will enable users to view real-time driving data, along with scooter location maps, battery life status, telemetry messages, and many more powerful and improved features - enhancing your driving experience to another level!

**Last, but not least:**

- Resource-saving production
- Certainty: CBS and ABS only available on selected models
- Affordable operating costs

**BE PART  
OF THE  
FUTURE  
TODAY!**
